

# Winnipeg Transit – WINNpass Review

## Stakeholder and Customer Engagement Summary

October 2021

### Background

The WINNpass program provides individuals with low income the opportunity to purchase adult monthly transit passes at a reduced rate and was first introduced in 2020. As of April 2021, the discount for an adult monthly pass was increased from 30% to 40%, and will proceed to the final discount of 50% in April, 2022. In its first year, 832 Winnipeg residents were approved for the WINNpass program. This program is currently undergoing a review, including gathering feedback on the WINNpass from customers who have been using the pass and stakeholders who have been supporting community members to access the pass, and provide recommendations for program improvements.

### Engagement

Prior to launching the WINNpass in spring 2020, the City consulted with community stakeholders to gather feedback on the initial program implementation. A summary of what we heard through the 2019 engagement is available at [winnipegtransit.com/lowincometransitpass](http://winnipegtransit.com/lowincometransitpass).

The City reached out to WINNpass customers and community stakeholders in the spring of 2021 to gather additional feedback about how the program was operating. A customer and stakeholder survey, as well as one-on-one interviews with

customers and stakeholders were conducted. This report is a summary of feedback gathered through these methods. A customer summary of the approaches used to gather feedback is outlined in Table 1.

### Key Findings

- A majority of WINNpass customers who responded to the survey said that it was ‘Easy’ (40.3%) or ‘Very Easy’ (44.4%) to complete the application process. Only 3 of 196 respondents indicated that it was ‘Hard’ (2) or ‘Very hard’ (1) to complete the application.
- WINNpass customers who responded to the survey were generally quite satisfied with the amount of time it took to process their applications (156 of 191 satisfied or very satisfied).
- Increased promotion may increase awareness of the program.
- Adjustments to the program are required to make transit affordable for all.
- The impacts of COVID-19 may have influenced stakeholders’ ability to promote the program.
- The impacts of COVID-19 and newness of the program may have influenced stakeholders’ ability to comment at this time.

Date	Activity	Details
February 4 – March 2, 2021	Customer Survey (196 responses)	WINNpass customers were invited to provide comments on the program through an online survey. Stakeholder survey feedback can be found in Appendix A and the postal code map of respondents is in Appendix D.
March/April 2021	Customer Interviews (6)	Six WINNpass customers were selected at random from those who agreed to an interview. Interviews sought feedback to better understand how the program was working for customers and how it might be improved. Interview notes can be found in Appendix C.
March/April 2021	Stakeholder Survey (7)	Key stakeholders (30) were invited to provide their feedback through a separate survey and seven stakeholders responded. Due to the low response rate for the stakeholder survey, feedback received was not analyzed using themes; rather, it was used to inform the ‘what we heard’ table and to cross-verify with feedback from customers. Stakeholder survey feedback can be found in Appendix B.
March/April 2021	Stakeholder Interviews (4)	Four stakeholders who work with low income populations were interviewed to gather feedback on how the program was working for them, and how it might be improved. Comments received through the interviews can be found in Appendix C.

### Customer Feedback

Overall, feedback on the WINNpass program has been very positive, with customers reporting they found the application easy to complete and high satisfaction with the processing time. Nearly 90% of customer survey respondents stated that they would re-apply for the WINNpass when their eligibility expires (Figure 1 - Would you re-apply when your eligibility expires?). Though COVID-19 has had an impact on the nature and frequency of travel for customers, over 40% of customer survey respondents still indicated that their need for the WINNpass has not changed due to COVID-19 (Figure 2 - Has COVID-19 reduced your need for or use of the WINNpass program?).

### What We Heard

What We Heard	How It Will Be Considered*
 <p>The up-front <b>cost of a monthly WINNpass is still a barrier</b> for customers. Only 38% of customer survey respondents (70 of 184) indicated that had purchased a WINNpass every month since being approved.</p>	<p>As of April 2022, the monthly cost for the WINNpass will be further reduced to equate to 50% of an adult monthly bus pass.</p>
 <p>Offering <b>other discounted fare products</b> was the most common suggestion for how to improve the program overall (20 of 122 suggestions).</p> <p>Suggestions included providing discounted single tickets, weekly passes, 14-day passes, or 28 day passes that are not tied to a specific month, or the ability to add funds that remain on the card until used.</p>	<p>The feasibility of offering another fare product option as part of the WINNpass program will be looked at as part of simplifying the transit fare structure proposed in the <a href="#">Winnipeg Transit Master Plan</a>.</p>
 <p><b>Online access</b> to information and the registration process can be a barrier for WINNpass users.</p>	<p>WINNpass users can get information about the program at all Transit customer service centres or by calling 311.</p>

## Stakeholder and Customer Engagement Summary

August 2021

What We Heard	How It Will Be Considered*
 <p><b>In-person customer service</b> is still a high priority for many WINNpass customers.</p> <p>Of the customers who indicated that they reached out to the WINNpass office with questions during the application process (43 of 196), 40% did so in person, 33% via email, 12% by phone and 10% through 311.</p>	<p>The WINNpass program office at 510 Main St. continues to serve customers. Customers can also get information about the WINNpass program at all Transit customer service centres or through 311.</p>
 <p>For those who provided feedback on how their needs have changed due to COVID-19, the most frequent response themes were related to <b>going out less</b> (32 of 85), and <b>job loss or reduced income</b> (20 of 85).</p> <p>Other themes included that they are <b>working from home</b> (9 of 85), <b>don't feel safe</b> using public transit (8 of 85), or that the <b>full pass is too expensive</b> (7 of 85).</p>	<p>As of April 2022, the monthly cost for the WINNpass will be further reduced to equate to 50% of an adult monthly bus pass. WINNpass customers can opt not to buy a pass for a month or several months while still maintaining eligibility for the program.</p>
 <p><b>Increase promotion</b> of the WINNpass – many people have not heard of it, or do not understand the discount structure.</p>	<p>Winnipeg Transit will increase the promotion of the program to increase its visibility.</p>
 <p><b>Expand the locations</b> at which the WINNpass can be purchased.</p>	<p>Once a customer picks up their WINNpass card, they can purchase the reduced monthly pass at all agents and customer service centres that sell Transit peggo products. Future program promotional campaigns will focus on this to improve awareness.</p>
 <p>Navigating the application process is a challenge for WINNpass users who face <b>language barriers</b>.</p>	<p>Winnipeg Transit has a Travel Trainer that can go to newcomer communities and provide information, through a translator, about the WINNpass program and assist with the application process.</p> <p>The application process accommodates an applicant assigning an alternate contact such as a case worker or friend to assist them in the process if needed.</p> <p>311 offers services in multiple languages.</p>

Additional challenges that were faced by some customers included:

- Challenges with customer service through 311 (phone support directly from Transit preferred)
- WINNpass customers face 'invisible barriers,' such as feeling unwelcome or out of place

### Next Steps

The results of the WINNpass engagement and a summary of what we heard will be included with an administrative report to the Standing Policy Committee on Infrastructure Renewal and Public Works (SPC-IRPW) in October 2021. The report and public feedback is part of the one year review of the program.

17	no areas income requirements were straight forward however the extreme lower incomes for people who have disabilities and therefore lower income but who do not require handi transit were not factored into your pass. people who earn over 25000 annually are benefitted people who live on far less annually less than 10000 annually are penalized..this is not EI who gives transit tokens..this is a section of society that endures such lack of support even less than refugees. how about you factor in a farte for those people..that is at least equal to a senior monthly fare or less. BC has a yearly fee of 35.00 and people in this catagory get a free transit pass..these are people with disabilities..IT IS TIME to address this issue	2/4/2021 10:14 AM

25	Superb customer service!	2/4/2021 11:15 AM
26	I waited for them to get back to me and I wanted to know if I could start getting the Winnpass for the first time, I believe it was for the month of July, 2020. However, it had been July 3, 2020 already when I heard back from someone and because of the fact that it was still earlier in the month, I phoned and asked if it was possible to start getting the Winnpass for that same month instead of paying the full price even though it already was July 3, 2020 at that time and they let me buy the Winnpass even though it was already July 3, 2020 which was much better than paying full price already also.	2/4/2021 11:14 AM
27	I was very happy that I was able to fill out the application properly despite the aforementioned obstacle, As a person on EIA with a disability who depends on the bus for transportation, a reduced rate is very important to me. It saves me some money during these times.	2/4/2021 10:31 AM

4	Yes, actually I didn't know about this card, but the customer service at the transit library office near the Winnipeg square told me about it, and he was very nice and kind, and he did his best to help, but when I came in the different shift to complete my application the officer was changed who seems didn't want to help, he didn't try to listen to me he said everything you can find online, and when I complete all the application and the documents needed again I found the helpful officer, he was very caring and supportive, and he explains everything, he was very nice and kind and respectful.	2/9/2021 9:47 PM

17	They got back to me more quickly than I thought that they might get back to me. I was really surprised that they already started letting me buy the Winnpass instead of the full amount for the month of July, 2020 already even though it was July 3, 2020 already as well. That was also good.	2/4/2021 11:16 AM

25	I have been purchasing it consistently, but this month I decided to just put some money on my other bus card because I'm not getting enough shifts (i.e. bus trips) at work to justify \$72 for the month. I accidentally used my Winnpass yesterday because I forgot it was a new month and it just made the same sound as usual when I swiped it, so I didn't realize till my trip home when I saw the screen that said it was empty instead of just hearing the noise. I think that's a nice feature, to let people with the pass get the 'approved' sound and get on the bus even if it's empty. It'll save a lot of people from being late to work on the first of the month if they forget to load it etc.	2/4/2021 8:21 PM

30	Was able to find a ride for now but will be buying once I need to commute.	2/4/2021 4:38 PM
31	I don't have a bus pass every month to save money.	2/4/2021 4:32 PM
32	I was only recently approved, nearing the end of December 2020, so I've only had two months available to me to purchase.	2/4/2021 3:56 PM
33	Don't need one every month	2/4/2021 3:21 PM
34	It's difficult for me to access places to buy a pass. Shoppers doesn't sell them, neither does seven eleven. Neither does the grocery store. When I am working, it's hard to make time on my (unusual) schedule to get down to a transit office.	2/4/2021 2:42 PM
35	after 1 month of use I did not need anymore, I bought a car.	2/4/2021 2:30 PM
36	Due to the current with covid every where I go to is closed. Therefore I don't need to take the bus.	2/4/2021 2:21 PM
37	I got laid off from work so I did not need a monthly pass.	2/4/2021 1:59 PM
38	Covid	2/4/2021 1:44 PM
39	COVID ... no need to move around the city.	2/4/2021 1:22 PM
40	I can't afford that, I buy for regular Peggo as I did paper tickets, I need the same at reduced Peggo card fillings.	2/4/2021 1:17 PM
41	Not useful i dont work regularly. I cannot buy just by week	2/4/2021 1:01 PM
42	I need to go to work	2/4/2021 12:52 PM

49	I'm afraid to use public transportation because of the pandemic.	2/4/2021 11:53 AM
50	Have use of a vehicle now.	2/4/2021 11:50 AM
51	Everything has been closed so I have been stuck at home.	2/4/2021 11:39 AM
52	Cheaper to do the fare daily basis because I will not be using the bus.	2/4/2021 11:34 AM
53	I'm trying to save some money, with Covid and winter weather I'm trying to limit my bus trips and I'm aiming to spend no more than 30\$ on bus tickets per month.	2/4/2021 11:31 AM
54	Most of my commutes are for college. However, due to the pandemic, my studying has moved to online. That's the reason I have not purchased.	2/4/2021 11:24 AM
55	I definitely always purchase the monthly pass every month and it also is great to get it at a better price as well.	2/4/2021 11:18 AM
56	I got approved when the pandemic hit and haven't riden the bus since	2/4/2021 11:16 AM
57	Our needs are changing, we have one car for 6 family members so we know some months we will need a bus pass but some months we don't.	2/4/2021 11:03 AM
58	I was sick ,had surgery and was restricted to movement	2/4/2021 10:43 AM
59	I did not travel by bus every day at the start of every month. This allowed me to purchase the 28-day pass at a lower rate.	2/4/2021 10:33 AM

70	Mostly have been working from home	2/4/2021 10:09 AM
71	Lost my winnpass card	2/4/2021 10:08 AM
72	I no longer work and can't afford a monthly pass of any kind. I use tickets now.	2/4/2021 10:07 AM
73	I now have access to alternate transportation and I wanted to purchase the card without the monthly pass in case that changed. It has not changed and especially with the pandemic, I avoid taking the bus now.	2/4/2021 10:07 AM
74	It's still fairly expensive for me.	2/4/2021 10:01 AM
75	Haven't needed one every month due to pandemic	2/4/2021 10:00 AM
76	I did	2/4/2021 10:00 AM
77	Because the first time i went to get it i only had enough money for a biweekly pass and it was not provided in a biweekly formate and because the second time I went to get it and dispatcher had no idea what I was talking about. Also there was a lot of miscommunication about this program as people who didn't know about the program details thought I could just pick it up at any place I got a regular card for Winnipeg transit.	2/4/2021 9:57 AM
78	Lack of funds, and Covid hit so I couldn't really use it.	2/4/2021 9:53 AM

59	I'm working from home now, so less bus trips.	2/4/2021 11:33 AM
60	I used to have more sporting events to go to and things like floor hockey tournaments or practices as well as basketball tournaments or practices, as well as bowling and soccer in the summer. Therefore, I really needed to be able to get around to these other places a lot as well and to my volunteer positions and other possible appointments. But now because of Covid, I cannot participate in any sporting events right now and I do not have to go to as many places right now, but even when we get back into code orange and more privileges will start coming back, I will need the busses to run more often and on a better schedule again like it used to be before they also did more cutbacks on the bus services as well in order to be able to get to more places like these as well.	2/4/2021 11:23 AM

39	Often have trouble reloading online. Sometimes says pending for 10 days...called 311, they send a message to transit, and someone calls us days later. Why can't we call them directly..311 is a middle man and the message gets distorted through 3 people. Was told sometimes the pass works even when it says pending..need to tap it twice on bus...this information would be helpful online, instead of waiting for someone to call back	2/9/2021 1:45 PM
40	Revise the monthly price downwards Also allow the possibility of half price recharge every 2 weeks or 1 week Due to Covid19 we recharge one month and after that we go out only 2 or 3 times a month.	2/8/2021 7:47 PM
41	Only some locations that you top up your peggo cards you have the options to top up your win pass.	2/8/2021 11:09 AM
42	Please reduce the cost markedly as our income has diminished markedly due to COVID19.	2/8/2021 12:06 AM
43	I'm very pleased with the WINNpass program. It's allows me to use the money for other expenses, for groceries, and hydro	2/7/2021 8:47 AM
44	Not really	2/6/2021 10:04 PM
45	Make the winpass half the price of the regular transit bus pass.	2/6/2021 8:02 AM
46	I hope I can still continue to get a discount while the pandemic not go away .	2/5/2021 10:59 PM
47	This year we might not be able to qualify for the winpass and we are hoping that the income requirement will increase because lot of us need discount in bus pass.	2/5/2021 10:39 PM
48	Have the application renewed by a simple income check, rather than re-applying every year.	2/5/2021 5:02 PM
49	Not really things are changing	2/5/2021 2:49 PM
50	I think the programm works properly. It helped me a lot. I am really thankful about that. I didnt know the existence of the programm before, otherwise I would apply for it a lot time ago	2/5/2021 1:07 PM
51	Take away the double beep when paying. I'm embarrassed for people to know that I need financial help.	2/5/2021 10:44 AM
52	Yes should be able to buy at stores full passes are tickets student etc. Would be WAY MORE HELPFUL	2/5/2021 8:30 AM
53	Hope there's optional annual passes for WINNpass so don't have to charge every month	2/5/2021 2:06 AM
54	Please add more convenient places for renewal of the monthly pass easily.	2/4/2021 8:47 PM
55	You should offer a yearly Winnpass	2/4/2021 8:37 PM
56	It would be cool to half a "half" pass, which would give Winnpass holders a limited pass for cheaper, like instead of unlimited for \$72, they could get, say, 20 fares for \$45. I find the timed passes almost silly...a 14-day pass that is instead a 30-TRIP pass would be more useful. You never know how many trips you're going to need in a time period, especially when you work various jobs part-time/casual/on-call. You could end up with none or just one.	2/4/2021 8:33 PM
57	The program is great and I do not feel it needs any improvement	2/4/2021 8:10 PM

58	No.. although I wonder why it is a scale of reduction in fares. 30 40 50 percent, why?	2/4/2021 7:28 PM
59	It's a good program, and it should continue for people that are struggling	2/4/2021 7:24 PM
60	Frontliners during COVID-19 should included in the eligibility. Make it easy application for the renewal.	2/4/2021 7:20 PM
61	Instead of monthly, make the pass 4 week durations so the date of purchase can be more flexible	2/4/2021 6:18 PM
62	I would like to have one of those cards that other passengers flash to the driver, rather than the card I tap to pay for my fare.	2/4/2021 6:00 PM
63	it seems working well	2/4/2021 5:44 PM
64	Actually, I tried several times, the WINNpass monthly adult pass can not be purchased online.	2/4/2021 5:10 PM
65	Keep up the good work.	2/4/2021 4:58 PM
66	Just for the initial winnpass card, I thibk it would be nore convenient for us to buy it anywhere like 7-11, etc. Online order sounds good but having to wait for 14 days for the card to arrive is just too long for me.	2/4/2021 4:41 PM
67	Make the bus pass cheaper and application processing faster. It's not fair that the poor always have to fill out forms and wait so long just to have access to basic necessities. It's dehumanizing. We aren't numbers, we're human beings. We matter.	2/4/2021 4:35 PM
68	I had an exceptionally easy time with my application and approval process, so there isn't a single thing *I* can think of that could possibly need improvement.	2/4/2021 4:03 PM

87	Price to be reduce.	2/4/2021 11:54 AM
88	<p>It would be really nice if they could make a whole monthly bus pass cost \$30.00 per month and that it would be guaranteed to never go up past that amount for people that are on fixed income. I mean it is great that it will be going down to \$62.30 after March 2020, and that the next year it is supposed to be going to half price. However, it would be even nicer if the whole price of a monthly bus pass would never increase past \$100.00 maximum each month and then people buying the Winnpass could always be guaranteed to purchase the monthly bus passes at \$50.00 per month maximum and that it would never go higher than that price maximum. However, I heard that they were actually thinking of making transit possibly totally free for everybody using the services or up to \$1.00. If that were the case then I do believe that instead of making it totally free that they could charge maximum \$30.00 per month instead and that it would be guaranteed to never go up in price. I think that still would be way better and more reasonable for people that are still on low income allowances, and also at least they still would be making some money from people buying bus passes and it would even be more affordable and realistic to always pay that set price of \$30.00 maximum per month and then everybody that still pays that amount could still use the service at a guaranteed more affordable rate for everyone in general. I also believe that if bus fare was completely free however, then there might be way too many people waiting for buses and they might get very overly crowded and then some people might not even be able to get on a bus at all which also would be no good either. Unless they would also have the busses run way more often for these possible reasons as well. It also would be nice if they could have a possible transit bus service that if people had to go to certain places where there was no bus service to that certain place on a particular day or time, if they could call a transit number and get a transit bus to pick them up at their place of residence at a certain time or day and then transport them to exactly where they need to go. For example, sometimes I have had floor hockey tournaments to go to on a Saturday at St. John's Ravenscourt and there has been no bus service that goes up to there or even near there especially on a Saturday at an earlier time or it does not go there at all on a Saturday as well. It would be nice if people could also request special services to certain places that they need to go to for certain times and there have been other places that I needed to meet at in order to go to a floor hockey tournament in Brandon or Swan River for example. Sometimes, I had to meet at the St. James Civic Center even earlier then when the buses started running just to be able to get there on time first and to not be late to go with the main bus that would take the coaches and the athletes to these tournaments as well. It also would be nice to have specific requests made ahead of time so that buses could go to these certain places so that people are also not late for things like sports tournaments and other sporting events as well. It also would be nice if they could provide bus service for all people in general that always need to go to certain places for certain times as well such as sports practices, places where bus service is not as common or is not available at all especially at certain times or days of the week, and it also would be nice if there was a service where people could phone a transit bus service ahead of time and make specific requests for days and times that they have to go to certain events so that they also would be guaranteed rides to exact places they need to be and also never be late for these types of events which is also really important as well. That also would be really nice of people that normally have no other way of getting to certain places for certain times on their own as well. I also hope that they could consider improving the service in this way especially when there is no bus services for certain places, days or times that someone might also need to go to as well.</p>	2/4/2021 11:51 AM
89	The program works great.	2/4/2021 11:42 AM
90	Thank you for the program, I still feel that it's expensive, I hope it will become more affordable in the future, and maybe also include children under 18.	2/4/2021 11:41 AM
91	Please check on the cards.. I had a problem because the first two card given to me is defective, this cause me to pay my fare in a regular price. It was an additional expense on my part	2/4/2021 11:36 AM
92	No, but I do look forward when thing come back to some type of normalcy	2/4/2021 11:18 AM
93	None	2/4/2021 11:16 AM
94	The first pass had to be purchased with a full month fare and from a limited number of locations, this made it inconvenient for us to get the pass in the first place. Maybe it can be sent to us through the mail?	2/4/2021 11:06 AM
95	I hope it can be cheaper and flexiable , I hope it can be more opions such as daypass or weekly pass. My schdule is adjust bi-weely. I hope It will come soon.	2/4/2021 11:06 AM

Winnipeg Transit | WINNpass Customer Survey

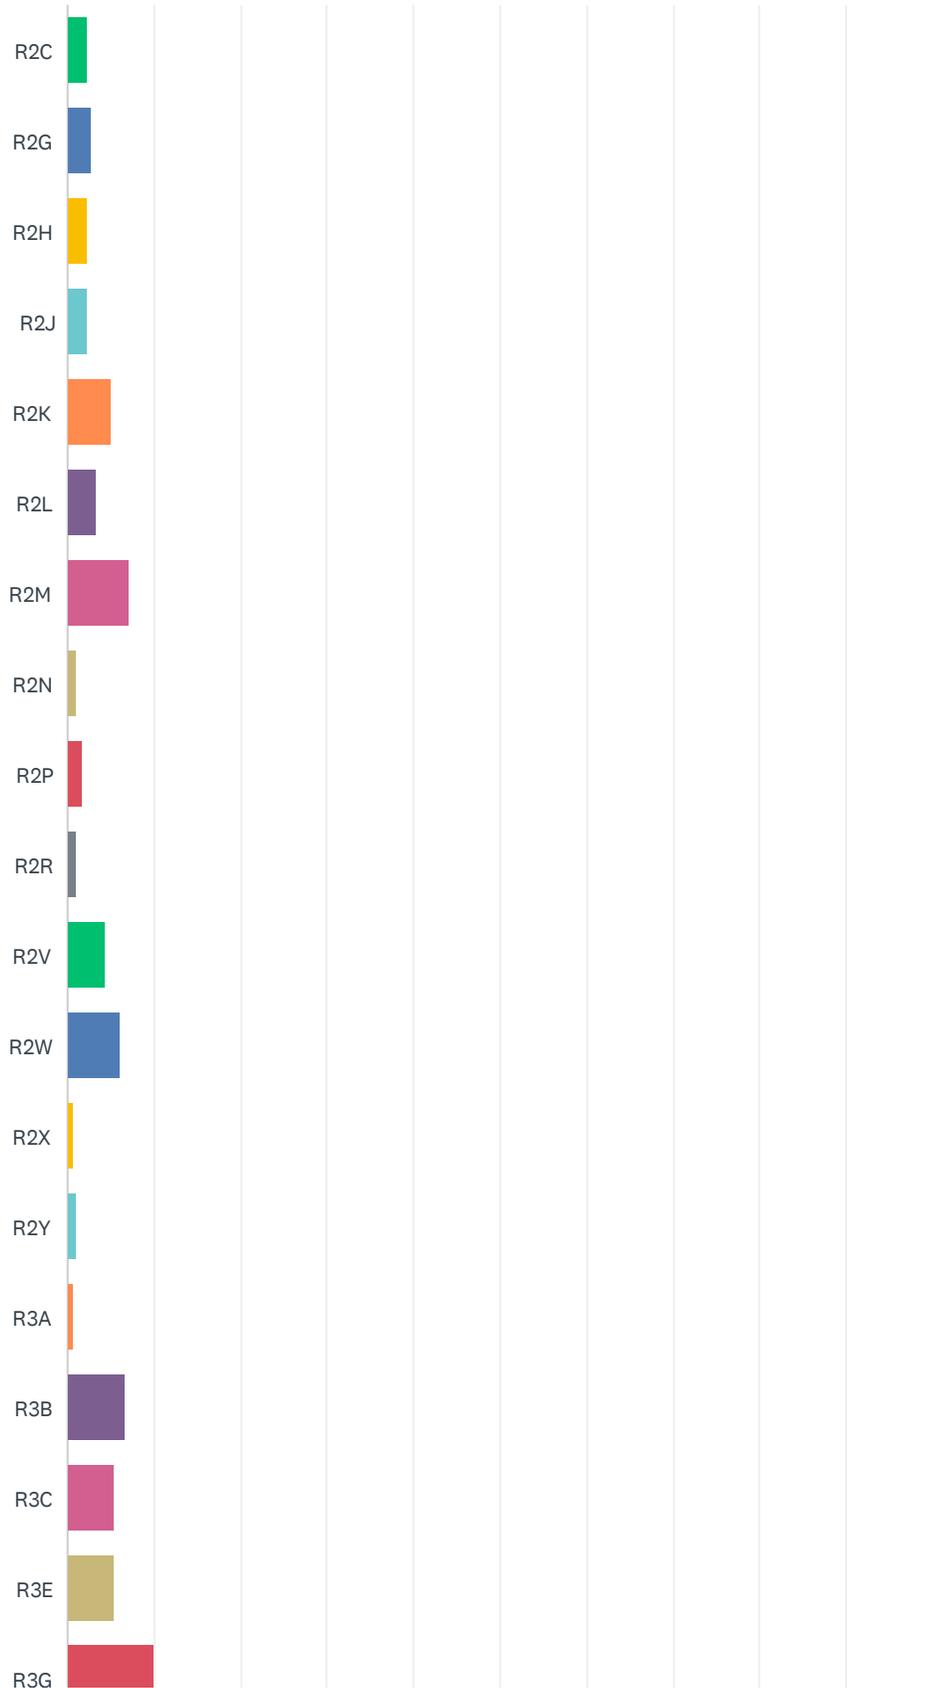

96	<p>Yes. 1. I feel like Winnipeg transit is not reliable. Buses cancel, they are hardly on time and often, very often they come early so people miss it. 2. Shed for bus stops are really bad. It's missing from many stops in sides of city and in downtown it's dirty, in bad condition and really risky. 3. Increase the buses. At some locations buses are not enough to hold. Eg. A bus going from a to b has a number. Now there's another bus with same number but it goes from a to c. Problem is from a it's going after every 30 minutes. Good enough. But a person who needs to go to b has next bus after 1 hour which is really bad. 4. Bus number is a mess. As i told from a to b and a to c are like 75% same route but it's still 25% different but both has same number.. why ? Are we Short of number ? You should give different number to both. 5. You need to bring a change to routes of buses. Its really bad. Roads like keneston which had lots of stores Walmart has hardly 1 bus. My friend's working there are always like lets take uber. Bus services needs to be improved. 6. I have heard about Winnipeg thinking about free bus transit. Please do somethings. A. People can use credit card to pay in bus. Idk how and how expensive it is but it's the right way B. Change your routes. I live on 2080 Pembina and Just to reach 2500 Pembina, i need to change a bus. It's nonsense. Routes needs to be redesigned. C. 75 min is not good. Not in any case. Firstly it should be like u can use pass 4 times in day. Suppose i go to Walmart and need to change 1 bus. I go take ticket .. Walmart is 20 min away. I am in Walmart. In no circumstances i can be back in 45 min. Its better to enable number of times we used over time. D. 5\$ for unlimited day. That's the right deal. And 2.5\$ for 4 times. E. Increase buses. D. Reduce fairs for everyone till a point where everyone wants to use transit coz it's really cheaper. Remove students, winnpass, Senior plans. It's mess for everyone. It's should be like 40\$ for Senior and children below 18. 60\$ for everyone else. Easy simple straightforward. E. give offers. People who will use transit for 6 months straight will be part of lottery system or something like that F. Please please please give ur part kn Cleaning. Buses and bus stops both are very dirty.</p>	2/4/2021 10:58 AM
97	No, Its great.	2/4/2021 10:45 AM
98	I think WINNpass should have options like as normal peggo card so that people can refill it 7 days or whatever amount they want if they don't need it monthly!	2/4/2021 10:36 AM
99	None that I can think of at this time.	2/4/2021 10:34 AM
100	Please, let the purchase of WINNpass card loading be available in all stores. I mean the loading of the card. I visited Supers drug mart last two months I was rejected and told me they had not been authorized to load WINNpass card. I had to walk extral kilometres to 7-11 store before I got to my card loaded.	2/4/2021 10:22 AM
101	tiered income and a new catagory for people with disabilites who do not qualify for handy transit.. all that is required is the same Option c..where disability income is indicated.	2/4/2021 10:21 AM
102	No its good so far	2/4/2021 10:20 AM
103	no	2/4/2021 10:18 AM
104	Give options for weekly or single fare reduction. Due to Covid I don't go out much anymore so I'm back to paying full fare because I don't need a monthly pass	2/4/2021 10:17 AM
105	See question no 10	2/4/2021 10:16 AM
106	Eliminate bus fare for everyone. That's the best, most sensible thing for our city, for the environment, for everyone. Short of that, add low income fares for youth as well. It's weird that my son's bus pass now costs more than mine. Make the discount much more significant. It is still unaffordable at the level given and even at the proposed tiers. Discount ALL fare options for low income people. Still, eliminating bus fare is the best way to go. It will increase ridership. It will eliminate barriers to employment. It will simplify the system. It will allow people with disabilities better access to community.	2/4/2021 10:16 AM
107	Allow buying not only month pass	2/4/2021 10:16 AM
108	No I do not	2/4/2021 10:12 AM
109	Allow the shops such as 7-Eleven and Shoppers to sell winnpass.	2/4/2021 10:11 AM
110	Wonderful program by The Winnipeg Transit for low-income individuals. Totally appreciate the efforts!	2/4/2021 10:10 AM

116	Maybe include a pass for children over 12 from low income families	2/4/2021 10:02 AM
117	Could make the pass a bit cheaper like the way some other immigrant friendly agencies offer. I have heard that they are providing the monthly pass for \$35!	2/4/2021 10:02 AM
118	Lower the costs please	2/4/2021 10:00 AM
119	I just hope it can also be loaded in other stores, aside from shoppers and 7eleven. would also be better if it you could do it like a bus pass, instead of tapping it on the scanner and be hassle-free as well.	2/4/2021 10:00 AM
120	Training for all Winnipeg transit employees on the winnpass	2/4/2021 9:59 AM
121	allow people to trade in their existing card, if they have, to negate the cost of getting a new winnpass card.	2/4/2021 9:54 AM
122	I hope we get automatic renewal for this year since we had covid we were unable to fully utilised it. Without having to go through the application again.	2/4/2021 9:51 AM

1	Like mentioned before it's just a matter of reading skills and ability to navigate programs without support unless a worker is involved with the. A lot of the staff don't promote the program because they don't want to work through the application and follow up with clients due to the high needs we have right now.	2/16/2021 3:04 PM

## WINNpass: Customer Interview Notes

Date: April 1, 2021

### Purpose of interviews:

- Gather detailed feedback to supplement the online survey and additional outreach to community stakeholders
- Identify opportunities for improving the registration process and customer experience
- Identifying opportunities to simplify/improve promotion of the WINNpass

Question	Response
How did you hear about the WINNpass program?	My brother found out from a program he attends – Canadian Muslim Office/Association.
How easy was it for you to navigate the application process? Did anyone assist you with the application process? What could we improve?	8/10 The Canadian Muslim Office helped, and we did it at the library downtown. My brother has a challenge when he goes to 7-eleven or Shoppers, and sometimes the card doesn't work. This has happened at both vendors.
Why did you opt to NOT use the online application portal?	Online is difficult, as I have trouble reading/writing in English, so in person is much easier.
How do you feel about the current and planned price of the WINNpass? Is it reasonable?	Price is reasonable, thank you.
Do you find the monthly pass product useful? Are there other Transit products that would be helpful to add to the WINNpass program? If yes, which ones? Single rides, one week rolling passes, two week rolling passes?	Monthly pass is good in summer, but in winter, he uses transit less, sometimes only half the month. 2-3 weeks would be good.
How has COVID impacted your need for, or use of the WINNpass?	About the same.
What else could we improve about the WINNpass process or service?	I think it works really well – drivers are great, pass is great. Less frequent service can be a challenge, but not a problem with the WINNpass itself.

Question	Response
How did you hear about the WINNpass program?	I think we saw it on social media?
How easy was it for you to navigate the application process? Did anyone assist you with the application process? What could we improve?	It was actually quite easy, though we tried to apply online, and found it wasn't working properly, so my husband went down to the Osborne service centre.
Why did you opt to NOT use the online application portal?	It wasn't working – we filled the form online, but couldn't attach the documents.
How do you feel about the current and planned price of the WINNpass? Is it reasonable?	It's a good price, I think it's a significant discount and appreciate.
Do you find the monthly pass product useful? Are there other Transit products that would be helpful to add to the WINNpass program? If yes, which ones? Single rides, one week rolling passes, two week rolling passes?	I think the monthly one is best for me. It would be nice to be able to recharge with a week or two at a time when circumstances change.
How has COVID impacted your need for, or use of the WINNpass?	I haven't had to use it for work due to COVID, but still appreciate having it for other activities.
What else could we improve about the WINNpass process or service?	Being able to apply online would be great.

Question	Response
How did you hear about the WINNpass program?	Through my wife – she worked for the City at one point.
How easy was it for you to navigate the application process? Did anyone assist you with the application process? What could we improve?	9/10 Pretty easy, my wife helped out, didn't need help beyond that. It can take a little bit of time to set up, and internet access is important. Overall, it was easy enough. My only complaint is that more people (vendors) need training on the differences between passes, and how to deal with them – I was charged the full price of a bus pass once, and questioned, when I should just be able to fill it once I have it.
Why did you opt to NOT use the online application portal?	For me, personally, I like the added set of eyes provided through in person interaction. If there's a mistake or point of clarification needed, I prefer in-person service.
How do you feel about the current and planned price of the WINNpass? Is it reasonable?	The current discount is great – big improvement over the full fare price.
Do you find the monthly pass product useful? Are there other Transit products that would be helpful to add to the WINNpass program? If yes, which ones? Single rides, one week rolling passes, two week rolling passes?	For me personally, the monthly pass is great, I'm always on the move. A 1 week, 3-day, 24 hour would be useful for sure. Same options as the regular fare products would be great. For example: My monthly pass may not be as needed when kids are on spring break, so I could see my self using a 2 week pass or something like that for months when my obligations are more limited. I recently made use of a 3 day pass when I didn't need the full month. It would be great to have a 14 day pass that only 'activates' when you use it, not from date of purchase.
How has COVID impacted your need for, or use of the WINNpass?	Yes, covid has reduced our activities outside the home, but monthly pass still usually makes sense.
What else could we improve about the WINNpass process or service?	Mainly just get the vendors up to speed.

**Other comments:**

Not everyone has a car, not everyone wants to drive downtown.

I would rather take the bus downtown than a car.

It shouldn't be so hard to keep buses on time in the winter – it's not a new thing!

Question	Response
How did you hear about the WINNpass program?	Television – (CTV?) 6p.m
How easy was it for you to navigate the application process? Did anyone assist you with the application process? What could we improve?	8/10 Challenge with ID...? How did they know it was me? Should need to show ID, some people might not be honest.
Why did you opt to NOT use the online application portal?	Preferred the 'old methods' – just wanted to make sure it was delivered/processed properly.
How do you feel about the current and planned price of the WINNpass? Is it reasonable?	I think it should be lower – around \$40/month
Do you find the monthly pass product useful? Are there other Transit products that would be helpful to add to the WINNpass program? If yes, which ones? Single rides, one week rolling passes, two week rolling passes?	I prefer the one-month passes, don't want to fumble with change. I always preferred the old paper monthly passes, sometimes PEGGO doesn't work.
How has COVID impacted your need for, or use of the WINNpass?	It's cut my fares in half. I do have a vehicle, but it's very expensive.
What else could we improve about the WINNpass process or service?	As above, photo ID should be required for registration.

Question	Response
How did you hear about the WINNpass program?	Saw it online on the news.
How easy was it for you to navigate the application process? Did anyone assist you with the application process? What could we improve?	I didn't have a printer, so my sister filled out the application. They sent me emails for approval, but I don't have data on my phone. It would have been easier if they just sent me a print letter to confirm my approval. I was approved in May 2020, but didn't get the pass until July/August.
Why did you opt to NOT use the online application portal?	I don't have data on my phone, or a credit card. It's hard for me to get downtown to the library, and computers are often taken.
How do you feel about the current and planned price of the WINNpass? Is it reasonable?	The price is reasonable. I've been buying the monthly passes as I use the bus quite frequently.
Do you find the monthly pass product useful? Are there other Transit products that would be helpful to add to the WINNpass program? If yes, which ones? Single rides, one week rolling passes, two week rolling passes?	Monthly is best for me, though if my use of transit was reduced for a week or two, it may make more sense to by tickets.
How has COVID impacted your need for, or use of the WINNpass?	Not much change.
What else could we improve about the WINNpass process or service?	I have a lot of trouble with the machines, it often takes 3-4 times without going through. Drivers aren't always understanding.

### Other comments:

I go to 7-Eleven to recharge, and they've been charging me the full fare. Shoppers seems to work better.

Could there be some type of mark on the back to let them know it's WINNpass?

Question	Response
How did you hear about the WINNpass program?	Son told her about it/facebook
How easy was it for you to navigate the application process? Did anyone assist you with the application process? What could we improve?	Son helped her with it. Son acted as a go between, emails etc. With son's help it was easy
Why did you opt to NOT use the online application portal?	Took the form online but filled it out manually. Easiest way for her.
How do you feel about the current and planned price of the WINNpass? Is it reasonable?	Price is a great help for her. Citizen has in a financial crisis and this helped. Citizen is very appreciative.
Do you find the monthly pass product useful? Are there other Transit products that would be helpful to add to the WINNpass program? If yes, which ones? Single rides, one week rolling passes, two week rolling passes?	Very useful. Use transit excessively so monthly works well for her.
How has COVID impacted your need for, or use of the WINNpass?	No effect to her. Carries on her daily travels and chores as usual.
What else could we improve about the WINNpass process or service?	Nothing that she can think of.

**Other comments: Program is very helpful and she hopes more people take advantage of this great program.**

## WINNpass: Stakeholder Interview Notes

Stakeholder: Harvest Manitoba

Date: April 13, 2021

### Purpose of interviews:

- Gather detailed feedback to supplement the online survey and additional outreach to community stakeholders
- Identify opportunities for improving the registration process and customer experience
- Identifying opportunities to simplify/improve promotion of the WINNpass

Question	Response
What challenges have you experienced, if any, while navigating the application process?	I haven't had any community members give feedback on this; from an organizational perspective, we were planning to be a drop-off location, but COVID has changed this and we are not open to the public.
Have you used the online portal to submit applications? If not, why not?	n/a (haven't used it)
Why did you opt to NOT use the online application portal?	n/a
What barriers have your clients or community faced in accessing the WINNpass?	Income is the main barrier – it's still a lot of money all at once. Community members we've surveyed have indicated that they end up using tickets/cash, despite the fact that public transit is the main mode of transportation reported by our customers.
How might we improve the promotion of the WINNpass?	For our community, many people experience barriers to technology, so smaller cards or other printed materials are valuable. We can put something in the hampers, which would reach around 30,000 people. Through our agency partnerships and food bank, we serve around 80,000 people monthly.
How do you feel about the current and planned price of the WINNpass? Is it reasonable?	Free would obviously be great, but I understand the challenges with that. 95% of our community members file their taxes, and wouldn't have trouble qualifying, but the price is still a little too high.
Do you find the monthly pass product useful? Are there other Transit products that would be helpful to add to the WINNpass program? If yes, which ones? Single rides, one week rolling passes, two week rolling passes?	This may be useful, but unsure which product would be most helpful; this would be a good topic for a focus group with our community members.

How has COVID impacted your community's need for, or use of the WINNpass?	We were planning to be a drop-off location, but COVID has changed this and we are not open to the public.
Is there anything else you would like to share?	Think it's a great initiative, and wish we could fully engage with the WINNpass program (and our clients) in person. Public transportation is essential for the community members we serve. Might be helpful to have a map showing drop-off locations/service centres?

Stakeholder: Immigrant and Refugee Community Organization of Manitoba (IRCOM)

Date: April 9, 2021

### Purpose of interviews:

- Gather detailed feedback to supplement the online survey and additional outreach to community stakeholders
- Identify opportunities for improving the registration process and customer experience
- Identifying opportunities to simplify/improve promotion of the WINNpass

Question	Response
What challenges have you experienced, if any, while navigating the application process?	Not sure what the process was like for everyone, I just refer people, and our staff who were helping people are either no longer with us, or are on leave at the moment. Generally, language barriers and access to technology are challenges for our clients. Limited computer literacy skills.
Have you used the online portal to submit applications? If not, why not?	I assume that our staff were using the online portal, but I haven't had much direct experience as I generally refer people to others.
Why did you opt to NOT use the online application portal?	n/a
What barriers have your clients or community faced in accessing the WINNpass?	Generally, language barriers and access to technology are challenges for our clients. Limited computer literacy skills. Unfamiliarity with Canadian systems can take some time, which varies from case to case.
How might we improve the promotion of the WINNpass?	I have received a fair number of emails about it, but I haven't seen much public promotion. I assume some of this is related to COVID. I think a lot of people would take advantage of the program, but don't know about it. Perhaps email service providers in the settlement sector? We generally just google it and use the website info. Electronic access is the most helpful, especially with fillable PDFs.
How do you feel about the current and planned price of the WINNpass? Is it reasonable?	I think it's an excellent discount, and helps a lot.
Do you find the monthly pass product useful? Are there other Transit products that would be helpful to add to the WINNpass program? If yes, which ones? Single rides, one week rolling passes, two week rolling passes?	I think people who are in school use the full month passes. Not sure about other fare products at this time.

How has COVID impacted your community's need for, or use of the WINNpass?	We didn't have a lot of people register due to COVID – a lot of things shut down, some people didn't feel safe on transit during the pandemic. Language classes just reopened this week, so we will see how that impacts our clients' need. Many of our clients travel by public transit.
Is there anything else you would like to share?	Renewed advertising, as this isn't top of mind for people at the moment.

**Other comments:**

We didn't have a lot of people register due to COVID – a lot of things shut down, some people didn't feel safe on transit during the pandemic.

## WINNpass: Stakeholder Interview Notes

**Stakeholder: Ma'mawi ichitata**

**Date: April 7, 2021**

### Purpose of interviews:

- Gather detailed feedback to supplement the online survey and additional outreach to community stakeholders
- Identify opportunities for improving the registration process and customer experience
- Identifying opportunities to simplify/improve promotion of the WINNpass

Question	Response
What challenges have you experienced, if any, while navigating the application process?	People were happy for the discount, didn't understand the percentage discount. Contact info is a challenge, we often act as contact for the kids. Majority of applications are faxed; we often have to collect info for them.
Have you used the online portal to submit applications? If not, why not?	Not at this time. A lot of people aren't very tech savvy.
Why did you opt to NOT use the online application portal?	We work with a lot of mental health issues, and have to do special orientations with people for things like 'how to use a cell phone.'
What barriers have your clients or community faced in accessing the WINNpass?	Some folks are apprehensive about visiting City Hall, and we often accompany them to places. The locations can be a challenge for people – the service centre at Winnipeg Square is probably the most comfortable. Perhaps a tour of some sort could help people feel welcome and invited?
How might we improve the promotion of the WINNpass?	If you're targeting bus riders and non-profits. 'Layman's terms'! Plain language is so important. Describing the pass as a 'percentage discount' makes people have to know the full fare, so providing the actual amount may be more useful. People also aren't even aware of the under 11 year-old discount, so general promotion is helpful.
How do you feel about the current and planned price of the WINNpass? Is it reasonable?	I think the discount is great, a big step from the regular price, it brings a lot of freedom to people. It's actually a fair bit cheaper than bus tickets all the time.
Do you find the monthly pass product useful? Are there other Transit products that would be helpful to add to the WINNpass program? If yes, which ones? Single rides, one week rolling passes, two week rolling passes?	Some people only buy monthly passes when they have a bunch of appointments, then tickets for the rest of the time. The Spirit buses used to help a lot of people get from Higgins area to Broadway. A lot of seniors relied on those routes as well.
How has COVID impacted your community's need for, or use of the WINNpass?	It varies; some of our folks are students, and can stay home with classes online. Challenges with online access. We're limited with how many people we can have in the building.

Is there anything else you would like to share?

A wonderful program, definitely appreciate it!

**Other comments:**

Some people we serve are VERY apprehensive about accessing services, and need support to access services and opportunities. It can take a lot of time, and some people will never feel comfortable.

Some people ride the bus because they have nowhere to go.

## WINNpass: Stakeholder Interview Notes

Stakeholder: Social Planning Council of Winnipeg (SPCW)

Date: April 19, 2021

### Purpose of interviews:

- Gather detailed feedback to supplement the online survey and additional outreach to community stakeholders
- Identify opportunities for improving the registration process and customer experience
- Identifying opportunities to simplify/improve promotion of the WINNpass

Question	Response
What challenges have you experienced, if any, while navigating the application process?	n/a (have not used it)
Have you used the online portal to submit applications? If not, why not?	n/a (have not used it)
Why did you opt to NOT use the online application portal?	n/a (have not used it)
What barriers have your clients or community faced in accessing the WINNpass?	Reluctance to go to physical locations during covid is a common barrier. Online access is a challenge. Changing access to libraries and public services is challenging.
How might we improve the promotion of the WINNpass?	There hasn't been as much promotion as I expected when this was discussed last year. People are still online and using social media, so online promotions would likely be best at the moment. I don't think the progression of the discount, or final price is well known in the community.
How do you feel about the current and planned price of the WINNpass? Is it reasonable?	It's a significant discount, but I don't think many people know about it. If you're at the high end of LICO, it's likely affordable, but at the low end it likely isn't. Sixty dollars for people on social assistance can still be out of reach, so considering making it free for very low income individuals would be something we would support.
Do you find the monthly pass product useful? Are there other Transit products that would be helpful to add to the WINNpass program? If yes, which ones? Single rides, one week rolling passes, two week rolling passes?	I think shorter term (single day or 1 week) would be especially valuable at this time. A lot of people are walking or biking to appointments now, but weather events can then prevent them from going out.
How has COVID impacted your community's need for, or use of the WINNpass?	Reluctance to go to physical locations during covid is a common barrier. Online access is a challenge. Changing access to libraries and public services is challenging.

Is there anything else you would like to share?

We don't really have direct client relationships at the moment. People don't seem to be taking the bus as much as they used to, so it's also not as top of mind for us.
