

# The City of Winnipeg Salutes Outstanding Service

**J. Novak**  
Operator of the Year 2003

We are proud to present the bus operators selected with your help as the most outstanding in 2003.

We join you in congratulating them, and all our operators, for another year of safe, courteous service.

Our professional operators enjoy a reputation for excellence second to none. For their friendly, cheerful service - even on Monday mornings; for their willingness to lend a helping hand; and for their outstanding safety record. No small feat in Winnipeg's adverse winter conditions.

All our drivers work hard year round to make your ride as pleasant and safe as possible. So next time the bus waits while you run, or you are greeted with an extra-wide smile, or you notice how carefully your driver is navigating that icy Winnipeg street, give us a call, and give your driver a well-deserved pat on the back.
